Issue	Special Report (staff written)	Mil Tech Trends (staff written and contributed)	Industry Spotlight (Staff written and contributed)	Trade Shows, Webinars, Promotions, and Bonus Coverage	Abstracts	Finished Draft	Print	E-letter
January/February Print	RADAR/EW GUIDE			Military Radar Summit Webcast: Leveraging GaN technology for military radar applications	11/20/18	12/13/18	1/10	1/1
January E-letter	Radar Design Trends	Signal Processing Trends in Radar, Sonar, and Electronic Warfare	RF and Microwave in Electronic Warfare systems					
February E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com				-	-	-	2/1
March Print	AVIONICS ISSUE			Aviation Electronics Europe, Sea-Air-Space	12/20/18	1/17	1/24	3/1
March E-letter	Military Avionics Upgrades	Avionics Safety Certification	Avionics Connectors					
April/May Print	UNMANNED SYSTEMS ISSUE			Xponential, ESC Boston, IMS, SOFIC, NIWeek Webcast: Unmanned aircraft safety certification and requirements challenges	1/24	2/15	2/21	4/1
April E-letter	Counter-UAV Technology	RF and Microwave Technology for Unmanned Systems	Unmanned Systems Payload Designs from Conectors to Sensors					
May E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com				-	-	-	5/1
June Print	DEFENSE MARKET ANALYSIS			NSREC	3/21	4/1	4/11	6/3
June E-letter	Neural Networks	Artificial Intelligence & Machine Learning for Military Systems	Reduced SWaP Rad-Hard Components					
July/August Print	Cyber Warfare Technology	Rugged Computing & Thermal Management	Leveraging Big Data for Military Applications	Air Force Association, DSEI Webcast: Making it cool: Solving thermal management challenges in military electronics	5/9	6/4	6/14	7/1
July E-letter								
August E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com				-	-	-	8/1
September Print	MILITARY EMBEDDED SYSTEMS RESOURCE GUIDE			AUSA	6/12	7/10	7/25	9/2
September E-letter	Special Report: Shipboard Electronics; Mil Tech Trends: Test and Measurement Trends; Industry Spotlight: Managing Supply Chain, Obsolescence, and Counterfeit Parts; Key Resource Guide Categories Include: Avionics, Communications, Cybersecurity, Electronic Warfare, Embedded Hardware, Embedded Software, Obsolescence/EOL, Radar, Real-Time Operating Systems and Tools, RF & Microwave, Safety Certification							
October Print	Signal Processing for ISR Sensor Applications	Virtualization for Embedded Computing	Leveraging Gallium Nitride (GaN) Technology for Military Radar	MILCOM, AOC, IITSEC Webcast: Signal processing and the sensor chain	7/16	8/14	8/22	10/1
October E-letter								
Nov/Dec Print	Robotics and Automation	Military Power Supplies	Open Standards for Embedded Military Systems	AFCEA West , Embedded Tech Trends	9/5	10/2	10/10	11/1
November E-letter								
December E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com				-	-	-	12/1
