

Military Embedded Systems 2022 Content Calendar: Print Issues are highlighted in blue

					Due Dates			
					Editorial		Ads Close	
Issue	Special Report (staff written)	Mil Tech Trends (staff written and contributed)	Industry Spotlight (staff written and contributed)	Virtual Events, Webcasts, and Trade Shows	Abstracts	Finished Draft	Print	E-letter
January/February Print	RADAR/EW GUIDE			Webcast: SOSA and Mission-Compute Applications AFCEA West, SOSA/FACE TIM EVENT	11/20/21	12/20/21	1/6/22	1/1
January E-letter	Radar for Missile/Hypersonic Defense	Leveraging the Sensor Open Systems Architecture (SOSA) for Radar Applications	RF & Microwave Designs for Electronic Warfare					
February E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com			Webcast: Managing FACE Conformance & DO-178C Certification Together	-	-	-	2/1
March Print	UNMANNED SYSTEMS ISSUE			Virtual Event: Unmanned Systems Webcast: Leveraging AI for Military Big Data Applications Sea Air Space, AUVSI xPotential	12/20/21	1/17/22	1/27/22	3/1
March E-letter	Counter-UAS Technology	SOSA Designs for Unmanned Systems	MOSA Solutions for Unmanned Systems: SBCs, RTOS, Connectors, Backplanes, etc.					
April/May Print	AVIONICS ISSUE			Webcast: SOSA and Small Form Factors Webcast: Balancing Cost & Radiation Requirements in Space System Designs Aerospace Tech Week, IMS, NIWeek, SOFIC	1/24/22	2/21/22	3/17/22	4/1
April E-letter	Helicopter Avionics	Certifying COTS Hardware & Software	Adapting FACE Conformant Solutions for Military Avionics					
May E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com			Webcast: Solutions for Certifying Avionics Solutions to DAL-A Webcast: Cooling Systems: Removing Heat From Embedded Electronics Systems	-	-	-	5/1
June Print	Military Satellite Communications	Enabling Artificial Intelligence in Military Systems	Rad-Hard Electronics Design Trends	Webcast: Enabling 5G through RF & Microwave Solutions Webcast: Managing Reduced Power Management Requirements in Military Systems NSREC	3/21/22	4/15/22	5/5/22	6/1
June E-letter								
July/August Print	SOSA SPECIAL EDITION			Webcast: Developing Secure Trusted Computing Solutions in Military Systems Air Force Association, FACE/SOSA TIM	5/9/22	6/10/22	5/26/22	7/1
July E-letter	Special Report: Leveraging Big Data for Military Applications; Mil Tech Trends: Trusted Computing, Securing Data at Rest; Industry Spotlight: Rugged Computing & Thermal Management: Enclosures, Chassis, Connectors. SOSA Special Edition features editorial content, SOSA Member List, Profiles on the latest SOSA Aligned and SOSA Conformant products.							
August E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com			Webcast: Applications for SOSA Conformant Solutions Webcast: Driving Interoperability for the FACE Technical Standard	-	-	-	8/1
September Print	MILITARY EMBEDDED SYSTEMS RESOURCE GUIDE			Webcast: Conforming to the FACE Technical Standard Webcast: Enabling AI in Military Systems AUSA	6/12/22	7/15/22	7/21/22	9/1
September E-letter	Special Report: Vetrionics for Manned and Unmanned Ground Vehicles; Mil Tech Trends: Test and Measurement Trends; Industry Spotlight: Managing Supply Chain, Obsolescence, and Counterfeit Parts; Resource Guide Categories: Artificial Intelligence/Machine Learning, Avionics, Communications, Cybersecurity, Electronic Warfare, Embedded Hardware, Embedded Software, Interconnect Technology, Obsolescence/EOL & Supply Chain Management, OpenVPX, PC/104, Power Electronics, Radar, Real-Time Operating Systems and Tools, RF & Microwave, Safety Certification, Space Electronics & Services, Test & Measurement, Unmanned Systems							
October Print	Leveraging RF & Microwave Tech for 5G Applications	Augmented Reality Technology	SOSA Technical Standard 1.0 Impact on Electronic Warfare Designs	Webcast: VNX and ShortVPX: VITA Small Form Factors in Embedded Systems Webcast: Managing DO-326 Security Certification Challenges in Avionics Systems AOC	7/15/22	8/18/22	9/1/22	10/1
October E-letter								
Nov/Dec Print	Tech for Navigating GPS-denied Environments	Military Power Supplies	Open Standards for Embedded Systems: FACE, SOSA, CMOSS, VPX, COM Express, and more	Virtual Event: MOSA Conference Webcast: Managing Ruggedization & Interoperability Challenges in Military Displays Embedded Tech Trends	9/5/22	10/21/22	10/13/22	11/1
November E-letter								
December E-letter	Unsolicited articles are welcomed. Please contact: lisa.daigle@opensysmedia.com			Webcast: How the SOSA Technical Standard Works with VITA Standards Webcast: Deploying Rugged COTS Systems in Battlefield Environments	-	-	-	12/1

Editorial Contacts: John McHale, Editorial Director, john.mchale@opensysmedia.com
Lisa Daigle, Assistant Managing Editor, lisa.daigle@opensysmedia.com

Sales/Webcast: Tom Varcie, Sales Director, tom.varcie@opensysmedia.com

Newsletters: The McHale Report - Monthly, Radar/ Electronic Warfare - Monthly, Avionics Design - Monthly, CyberDefense Report - Bimonthly, Military AI - Monthly, SOSA Update - Bimonthly
